

LEVEL 2: OCCUPATIONAL CERTIFICATE

NEW

A direct route into skilled employment

Start building your skills for a skilled job.

Prepares you with the practical skills needed in a specific job.

Develop practical, real-world skills through applied learning, with assessment that helps you show both your knowledge and skills.

It is aligned to employer job standard, so you know you are learning what employers need.

Provides time for English and maths study as well as wider enrichment.

Ideal for students looking for a structured route into work, with support over two years to build your skills and confidence.

Supports progression to skilled employment, and apprenticeships.
